Objective

A Computer Science student at Lakshmi Narain College of Technology with a solid understanding of Java, eager to apply programming knowledge to real-world applications and continuously enhancing technical skills.

Education

Lakshmi Narain College of Technology , B.Tech in Computer Science	Nov 2022 – June 2026
• CGPA: 8.59	
Jai Academy , Senior Secondary School	2022
• Percentage: 78.4	
St.Francis' Convent Inter College , High School	2020
• Percentage: 91	

Skills

- Technical Skills - Java, HTML, CSS, Javascript
- Courseworks - DBMS, DSA, OOPS, Operating System, Web Development
- Soft Skills - Problem solving, Leadership, Time Management , Fast Learner, Commiunication
- Tools Learned - MySql, Vs Code, Git

Extracurricular

Smart India Hackathon (SIH) , Participant	2024
• Actively contributed to a team-driven approach in developing an innovative solution for a real-world challenge.	
• Played a key role in brainstorming, prototyping, and refining the project through iterative testing.	
Idea Presentation, Winner , LNCT Hackathon Club	2023
• Effectively presented a well-researched and innovative solution, showcasing its feasibility and impact.	
• Contributed to structuring the presentation, articulating technical aspects,addressing queries from evaluators.	

Projects

Health Management Website

- Developed a responsive and user-friendly health management website to track and manage personal health records. Implemented features for appointment booking, medical history tracking, and health tips using JavaScript for interactive functionality.A clean UI/UX with HTML and CSS for seamless navigation and accessibility.

Almalink

- AlmaLink a comprehensive platform for Students and Alumni to foster meaningful connections. This platform directly addresses alumni engagement challenges by offering a unified solution by integrating features such as mentorship programs, job portals, interactive forums, and secure communication tools.

Certifications

TechnoHacks Internship	2023
• Technohacks EduTech Internship on JAVA Development from 01/10/2023 to 31/10/2023.	
AICTE Cisco	2023
• AICTE CISCO internship on Cyber Security and packet tracer from April to May 2023.	
Infosys Springboard	2024
• Infosys Springboard course on Java, Software Engineering and DBMS.
